

## Shape Search

### Your Challenge

Look at the different shapes made in the square below. Find quadrilaterals, triangles, hexagons, and pentagons. Trace around the shapes you find and count the sides. Draw what you find on the **Recording Sheet**. Find at least 2 of each shape.

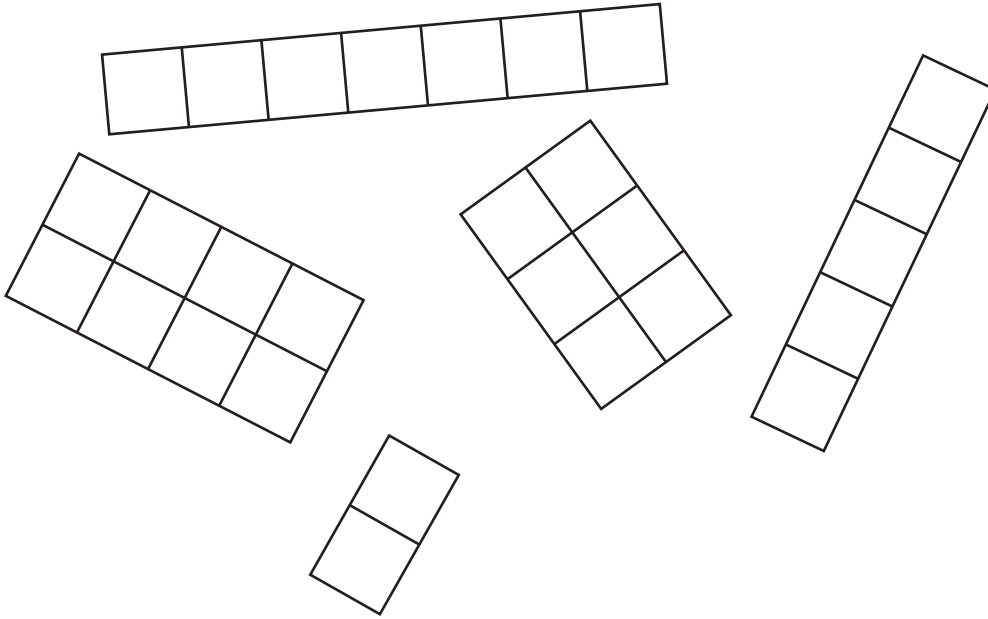

Shape Search

Quadrilaterals	Triangles
Hexagons	Pentagons

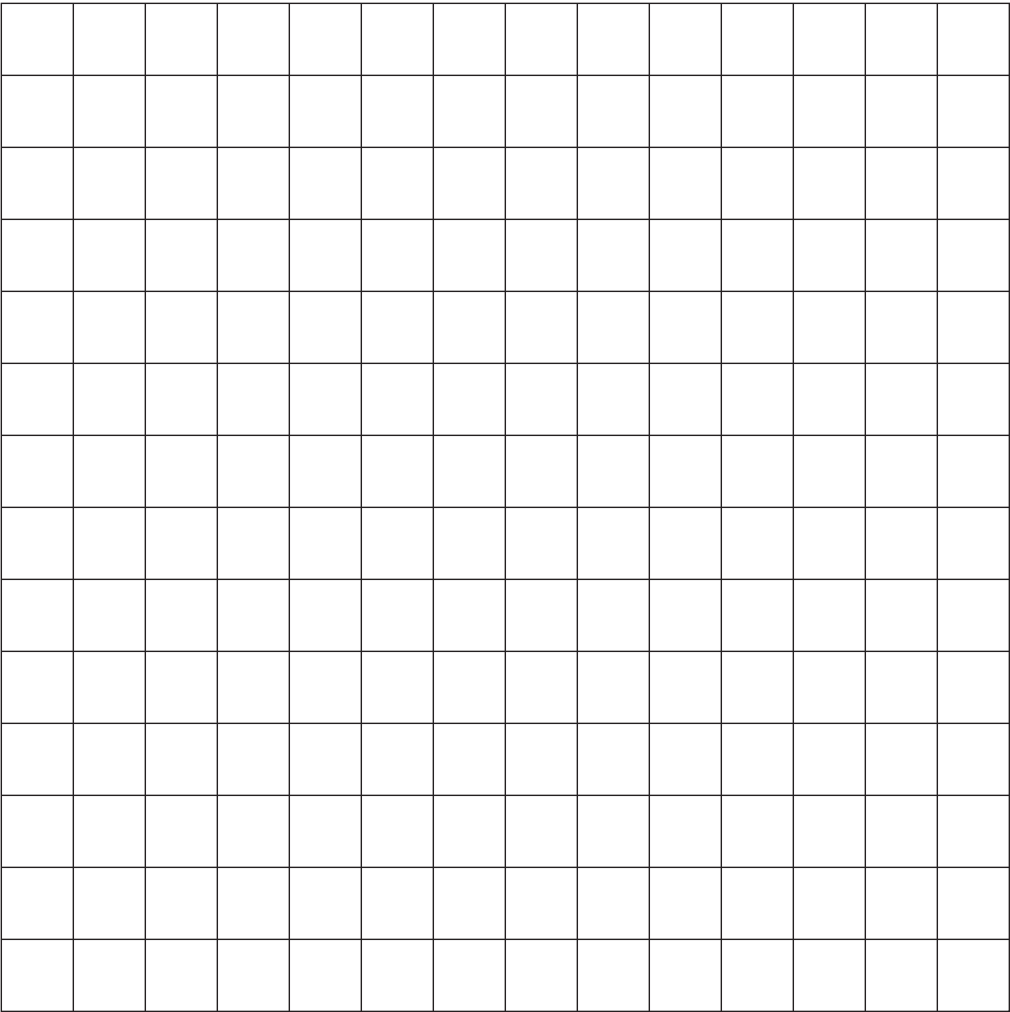

# Rectangle Tangle

## Your Challenge

1. Use the five rectangles to make one large rectangle on the grid.
2. How many squares are in your new rectangle?  
Show two ways to find out.

Rectangle Tangle

How many squares? Show two ways to solve.
