

## Make Ten to Add

### Check Understanding

Make 10 to find  
 $6 + 8$ .

## What You Need

- 9 connecting cubes of one color
- 9 connecting cubes of another color
- Recording Sheet
- Addition Cards

## What You Do

1. Take turns. Pick a card.
2. Make a cube train for each number. Use one color for the first number. Use another color for the second number.
3. Move some cubes from one train to the other train to make 10.
4. Complete the addition sentences on the **Recording Sheet**. Circle the number added to 10. If your circled number is greater than your partner's, you win the turn.

### Example

Pick  $9 + 5$ .

Make two cube trains.

Make 10.

$$9 + 5 = 14$$

$$10 + \textcircled{4} = 14$$

### Go Further!

Add 8 and 5. Do not use cubes. Tell how to make 10 to find the total. Then find 8 and 4.

# Make Ten to Add

**Player A**

**Player B**

$$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$10 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$10 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$10 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$10 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$\underline{\hspace{1cm}} = \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$$

$$\underline{\hspace{1cm}} = \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$$

$$\underline{\hspace{1cm}} = 10 + \underline{\hspace{1cm}}$$

$$\underline{\hspace{1cm}} = 10 + \underline{\hspace{1cm}}$$

I can add cubes to the greater number to make 10.

$$8 + 8$$

$$9 + 6$$

$$9 + 9$$

$$8 + 9$$

$$8 + 7$$

$$9 + 7$$
